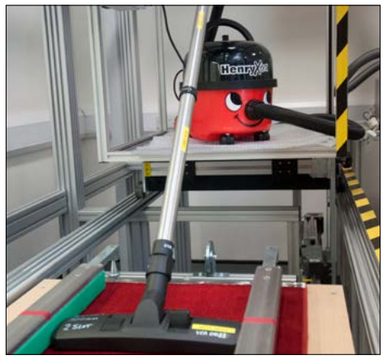
Performance You Can Trust

We all demand ever increasing standards of cleanliness, hygiene and safety. Numatic offers the complete cleaning solution, providing performance you can trust, productivity you can rely on, and products that are built to last.

Numatic

Our Commitment to Sustainability 2020 and Beyond...

"The key to **truly sustainable manufacturing** is to provide users with products that **last a very long time.**"



Our Sustainability Formula

Built to Last

Built to Last
Our products are built to last; with tried, tested and trusted designs, ongoing innovations, and a commitment to developing sustainable cleaning solutions.

Efficiency

Efficiency
We ensure our products are the most efficient for every user; from water and detergent usage to electricity consumption. We also provide online training to help support users every step of the way.

Serviceability

Serviceability
Our products are designed to be easily and economically serviced throughout their lifetime. Not only this, but we can still service and provide replacement parts for every product we have ever made.

Recycling

Recycling
We are committed to developing products using high-quality, recycled material. Right from the initial design, our products are manufactured to be easily recyclable at the end of their life.

Disposal

Disposal
We have worked hard to ensure Zero Waste goes to Landfill and since 2017 we have achieved this. Anything that cannot be recycled is incinerated.
