minimise pollution – cleaning products from Ecover are based on ingredients from nature

▶ Laundry Liquid

5ltr 'bag in a box' 007.605 Case 1
Exceptional results
No optical brighteners
Fresh plant based fragrance

▶ Bio Washing Powder

1.2kg 007.607 Case 4
Contains enzymes for better removal of grease and protein stains
Suitable for whites or colourfast laundry
No optical brighteners & respects your skin

laundry for the spin cycle and the life cycle

synthetic detergents often based on petro chemicals, optical brighteners and artificial fragrances have poor skin compatibility and it's difficult to make them biodegrade efficiently, leading to an excess of pollutants – Ecover's alternative is a modern version of natural soaps delivered from plant sources

▲ Bio Laundry Washing Tablets

007.606 Case 5x32 (160 tabs)
Exceptional results at low temperatures
No optical brighteners
Suitable for whites and colourfast laundry

▶ Fabric Softener

5ltr 007.608 Case 4
Naturally softens and freshens your laundry
Suitable for machine or hand washing
Leaves no residue of unnecessary chemicals

no artificial colours or fragrances

**all Ecover packaging
is 100% recyclable**

**Ecover's ecological guidelines are far stricter
than any government or EU legislation**

**there is not much point in making
ecological products unless you make
them in an ecological way too.
Ecover built the first ecological
factory made from recycled and
recyclable materials. it's energy
efficient, recycles its water, produces
almost no waste and has a grass
covered roof which supports a wild
flower garden and effectively
insulates the factory**

Don't forget to recycle me!
