Methods Guide

Twister™

Twister™ Methods Guide

◆◆◆◆ Brilliance ◆◆◆ High gloss ◆◆ Gloss ◆ Sheen

Moderate Traffic = <4000 visitors/day

High Traffic = >4000 visitors/day

Chemical free daily cleaning

Maintains gloss and cleanliness on coated and uncoated floors in moderate and high traffic areas

Moderate Traffic Areas - all floors - Twister™ Green ◆◆◆
Use water and Twister™ Green for daily cleaning in moderate traffic areas to maintain high gloss and cleanliness.

High Traffic Areas - uncoated floors - Twister™ Pink ◆◆◆◆
Use water and Twister™ Pink for daily cleaning in high traffic areas to maintain brilliance and cleanliness.

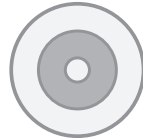

High Traffic Areas - uncoated floors - Twister™ Blue ◆◆◆
Use water and Twister™ Blue for daily cleaning in high traffic areas to maintain high gloss and cleanliness.

High Traffic Areas - homogenous ceramic tiles - Twister™ Orange ◆◆
Use water and Twister™ Orange for daily cleaning of ceramic tiles to maintain gloss and cleanliness.

High Traffic Areas - coated floors - Twister™ Purple ◆◆◆◆
Use water and Twister™ Purple for daily cleaning of soft floor finishes to maintain brilliance and cleanliness. Twister™ Purple is also suitable for daily cleaning of any delicate floor surface.

All floors - Twister™ Gray ◆◆◆◆
For high speed polishing of floors use the Twister™ Gray pad (<3000 RPM).

Surface preparation

Preparation of the floor surface for either renovation or for the application of floor finish

Chemical free deep cleaning
Deep clean to remove the top layer of the floor finish using water and Twister™ Red.

Chemical free stripping
Deep clean with water and Twister™ Extreme Red until the floor finish is removed. Approx. 1-2 passes per each layer of floor finish.

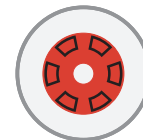

Stain and etch repair
Deep clean with water and Twister™ Extreme Red until stains and etches are removed.

Removal of orange peel, scratches and lippage preparing the floor for renovation

Step 1- Twister™ Hybrid Black
Remove orange peel and scratches with water and Twister™ Hybrid Black. Approx. 1 min/m² (1 min/10 ft²) or make 6-10 passes.

Step 2 - Twister™ Hybrid Red
Continue the process with water and Twister™ Hybrid Red. Approx. 1 min/m² (1 min/10 ft²) or make 6-10 passes.
