Numatic

MULTI-Matic Trolley Range

A compact and versatile trolley range, ensuring productivity with a choice of janitorial solutions and mopping options to suit all environments.

Consumables and accessories for illustration purposes only.

• Mopping
On-board compact and convenient mopping system, providing on the go cleaning.

ReFlo TECHNOLOGY

Sustainably Engineered
Made from ReFlo Technology using the highest quality recycled plastic within our manufacturing processes, delivering the same Numatic reliability, durability and quality as always. Providing a tough Structofoam construction, ReFlo Technology ensures our products are both sustainably engineered and built to last.

• On-board Waste Facility
Convenient, fully lidded 70L waste facility; right there when you need it.

• Shelf Storage
Open shelf storage for easy access to all your cleaning equipment and supplies on the move.

Nu·Design
Bespoke Janitorial

Individual Environments Demand Individual Cleaning Solutions

Finding a janitorial system that fits your needs completely can be a real challenge. Giving total freedom of choice to the user, Nu-Design offers the ultimate solution.

Nu-Design guides you through the product configuration process, providing a visual output and configuration breakdown at each selection. The result; a reliable, functional and innovative cleaning system that fits your needs precisely.

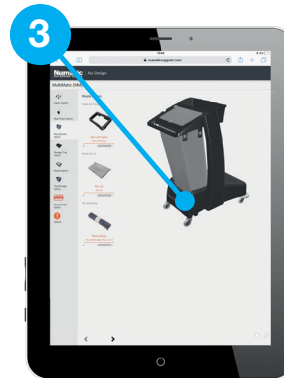

Poor selection and configuration lowers cleaning standards and productivity.

How it works

1. Select your trolley base and castor options

2. Pick storage options that meet your needs exactly

3. Choose your mopping system, waste options, accessories and personalisation

4. Submit for an itemised breakdown and quote

Compatible with desktop and mobile devices
