

EC9 Washroom New Formulation

Super concentrate disinfectant & descaler

Highly fragranced, multi-surface acidic cleaner. Kills bacteria and yeast and has virucidal activity against enveloped viruses (eg. Coronaviruses).

Passes EN 14476; effective against enveloped viruses, including Coronavirus.

Low Environmental Impact - www.evansgreentick.com

- Ideal for disinfecting and descaling washbasins, baths, showers, toilets and tiles.
- Also passes EN 1276, EN 16615 and EN 1650; microbiological profile available.
- Suitable for use on porcelain, stainless steel, chrome and ceramic tiles.
- Low dosage, very economical in use.
- Distinctive, long-lasting fragrance.
- Available in a portable, easy to handle 1 litre bottle with 10 ml dosing cap.
- 1 litre provides up to 100 spray bottles of solution.
- 5 litre container for use with the e:dose dispensers or to refill the 1 litre dosing bottle.
- Peel and reveal multi-language label.
- Colour-coded screen printed spray bottle and toilet cleaning bottle available.

DOSING METHOD: Push the button once on the e:dose dispenser or use the dosing cap on the 1 L bottle to dispense 10 ml of concentrate.

DISINFECTING AND DESCALING WASHROOMS:

PASSES (see microbiological profile for further info)	DILUTION	CONTACT TIME
EN 14476 - enveloped viruses (eg. Coronaviruses)	1:60*	5 min
EN 1276 - bactericidal		1 min

Dilute concentrate with clean water.

- For disinfection: 1 x 10 ml dose per 600 ml diluted solution.
- Dosage may be increased for more effective descaling.

Clean surfaces before disinfection.

Apply to surface by spray, toilet cleaning bottle, clean cloth or mop.

Leave on surface for the required contact time. Wipe with a clean cloth and allow to air dry.

To prevent chemical build-up, surfaces should be periodically washed.

**USE DISINFECTANTS SAFELY.
ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.**

*EC9 passes EN 1276 at 1:120, but, as it is difficult to achieve this accurately with a 10 ml dosing cap and 600 ml spray bottle, we recommend a 1:60 dilution be prepared. This dilution also offers more effective descaling.

1l Order Code: A057AEV

Pack: 4 x 1 litre (4.77 kg)
Pallet: 75 Packs

5l Order Code: A057EEV2

Pack: 2 x 5 litre (11.45 kg)
Pallet: 60 Packs

PRODUCT INFORMATION:

Appearance: Clear dark red liquid
 Odour: Citrus
 pH - undiluted: 1.6
 Shelf life: 3 years

COMPOSITION:

Contains a blend of quaternary ammonium compound, nonionic surfactant, citric acid, perfumes and dyes.

BIODEGRADABILITY:

All surfactants used in Evans Vanodine products comply with the current European Regulations concerning biodegradability and protection of the environment.

QUALITY ASSURANCE:

This product is manufactured in the U.K. by EVANS VANODINE INTERNATIONAL PLC under an ISO 9001 Quality Management System Cert. No. FM 09535 and an ISO 14001 Environmental Management System Cert. No. EMS 506072 registered by the British Standards Institution.

REVISION DATE:
01/12/20
