

## APPLICATION

Concentrated rinse aid for general use.

- For sparkling dishes without streaks.
- Prevents limescale and staining.
- For use in domestic and semi- industrial machines.
- Use in conjunction with Crystal Liquid or Crystal Powder for best results.

Crystal Rinse is an ecological rinse aid for professional use. This non-foaming liquid rinse aid is formulated for use in domestic and semi-industrial dishwashing machines. This product ensures rapid, streak-free drying of all glassware and dishes. This formula contains eco-surfactants. Crystal Rinse is free from chlorine compounds, other halogen compounds, and petroleum-based surfactants. All surfactants used in these products originate from vegetable sources. All ingredients of non-mineral origin are fully biodegradable.

## INSTRUCTIONS FOR USE

Domestic machines: Dosing: 0.02–0.04%. Adjust the dose according to water hardness and the results (uniform drying). Check the level of the rinse aid reservoir regularly and refill it before it runs dry. Semi-industrial machines: Rinse aid is dosed automatically at a rate of approximately 0.04% in industrial machines.
