SUSTAINABILITY IN ACTION

Achieving ambitious sustainability targets requires innovation, action and transparency. These initiatives move us forward in reaching our goals and leading the way in providing sustainable cleaning solutions for our customers.

To find out more, view the

Numatic Sustainability Report

ReFlo recycled plastic reduces the use of virgin plastic wherever possible, whilst maintaining the same quality and durability in our products.

ReFlo Technology uses high-quality recycled, post-industrial and post-consumer plastics across the Numatic range.

“Made using the highest quality, recycled plastic.”

numatic.com/uk/reflo

WORKING IN PARTNERSHIP WITH:

 **charity: water**

Our initial project took place in Madagascar, receiving 100% of the donations.

“Over 100 MILLION Litres of water funded since launch in 2021.”

Every NuClean Compact provides 5000L of water to communities that need it.

numatic.com/uk/charitywater

TARGETS AND INITIATIVES
We recognise the need and demand for sustainable cleaning solutions and commit to initiatives across our business.

Net Zero by 2035

This includes becoming Net Zero by 2035 (for Scope 1 and 2), setting incremental targets to keep us on track. Numatic has joined the Science Based Targets Initiative (SBTi), setting ambitious emissions reduction targets in line with the latest climate science.

While we work on reducing our emissions, we have taken additional measures to reduce our impact on the planet by carbon balancing our Scope 1 and 2 emissions through our trusted offsetting partner, C Level.

We support the following **Sustainable Development Goals (SDGs)** of the United Nations:

 <p>3 GOOD HEALTH AND WELL-BEING</p>	 <p>5 GENDER EQUALITY</p>	 <p>6 CLEAN WATER AND SANITATION</p>	 <p>9 INDUSTRY, INNOVATION AND INFRASTRUCTURE</p>	 <p>10 REDUCED INEQUALITIES</p>	 <p>11 SUSTAINABLE CITIES AND COMMUNITIES</p>	 <p>12 RESPONSIBLE CONSUMPTION AND PRODUCTION</p>	 <p>13 CLIMATE ACTION</p>

COMPACT

220

SMALL SIZE BIG PAYBACK

Switching to a 220NX for just **30 minutes** a day instead of mopping makes big savings, **returning** the total machine cost in under 1 year.*

Delivering the performance of much larger scrubber dryers in a compact package, accessing areas currently cleaned by mopping alone, bringing improved results and saving on labour costs.

Designed and built to deliver durable quality with affordability, providing unparalleled value without compromising performance.

- ✓ Designed for Demanding Commercial Use
- ✓ Replace Mopping in Hard-to-Reach, Congested Areas
- ✓ Save over 5000L of Water & 80% Chemical Reduction
- ✓ Made Using 30% Recycled Plastic**
- ✓ NX300 Pro Cordless Network

The 220NX turns 360 degrees, in any direction, on a single point, giving it the agility and manoeuvrability to access areas other machines cannot.

Specifications

Up to 120mins Runtime	220mm Cleaning Width	1L Tank Capacity	1.5L Recovery Capacity
1hr Fast Charge*	100W Vac Motor	140RPM Brush Speed	

*1hr to 80% charge.

*Payback based on 300m² area clean, 7 days p/w, labour £11.44p/h VS wet mopping.
**Recycled plastic content provisional only.

Power the Entire Fleet with the NX300 Pro Cordless Network

- ✓ Enhanced Energy Storage
- ✓ One Fits All Productivity
- ✓ Cost Effective
- ✓ 1-Hour Fast Charge

Smart Safe Charge System
Built-in battery status and health check safety system. The SoH (State of Health) system monitors multiple parameters, ensuring battery safety.

Maximum Energy Deployment
Delivering power from cell to machine with minimum power loss via high-quality welded nickel power rails.

Integrated Heatsink Casing
Quickly and efficiently cools the pack in use, optimising delivery of power.

Integrated Handle
Quickly and easily hot-swap batteries across the Pro Cordless Network.

Integrated Cooling Design
Keeping cool allows maximum power delivery; the clever NX300 pack design eliminates air pockets acting as an insulation, transmitting heat directly out of the pack.

TOTAL PERFORMANCE FOR TOUGH TO CLEAN

CTB370NX

The Ultimate All-in-One: Spray, Scrub and Extract with CTB370NX + X-tract.

Tackle hard-to-reach areas; clean, scrub and dry floors with all-in-one solution. With precision spray; scrub, extract and dry heavily soiled areas, emergency spills, corners, edges, and around obstacles. Clean everywhere, easily switch between carpets and hard floors. Eliminate the risk of slips, trips and falls with no cable, perfect for all-hours cleaning in high-traffic areas.

- ✓ Perfect for Hard-to-Reach Areas
- ✓ Leave Floors Clean, Dry and Slip-Free
- ✓ Tackle Wet Floors and Emergency Spills
- ✓ 1-Hour Fast Charge
- ✓ NX300 Pro Cordless Network

Specifications

6L Clean Capacity	9L Recovery Capacity	400W Motor
1hr Fast charge*	38mins Runtime	36V Lithium Battery

*1hr to 80% charge.

Numatic Xtract

With X-tract, you can clean, scrub and dry every area that your current scrubber dryer misses or the mop doesn't clean effectively.

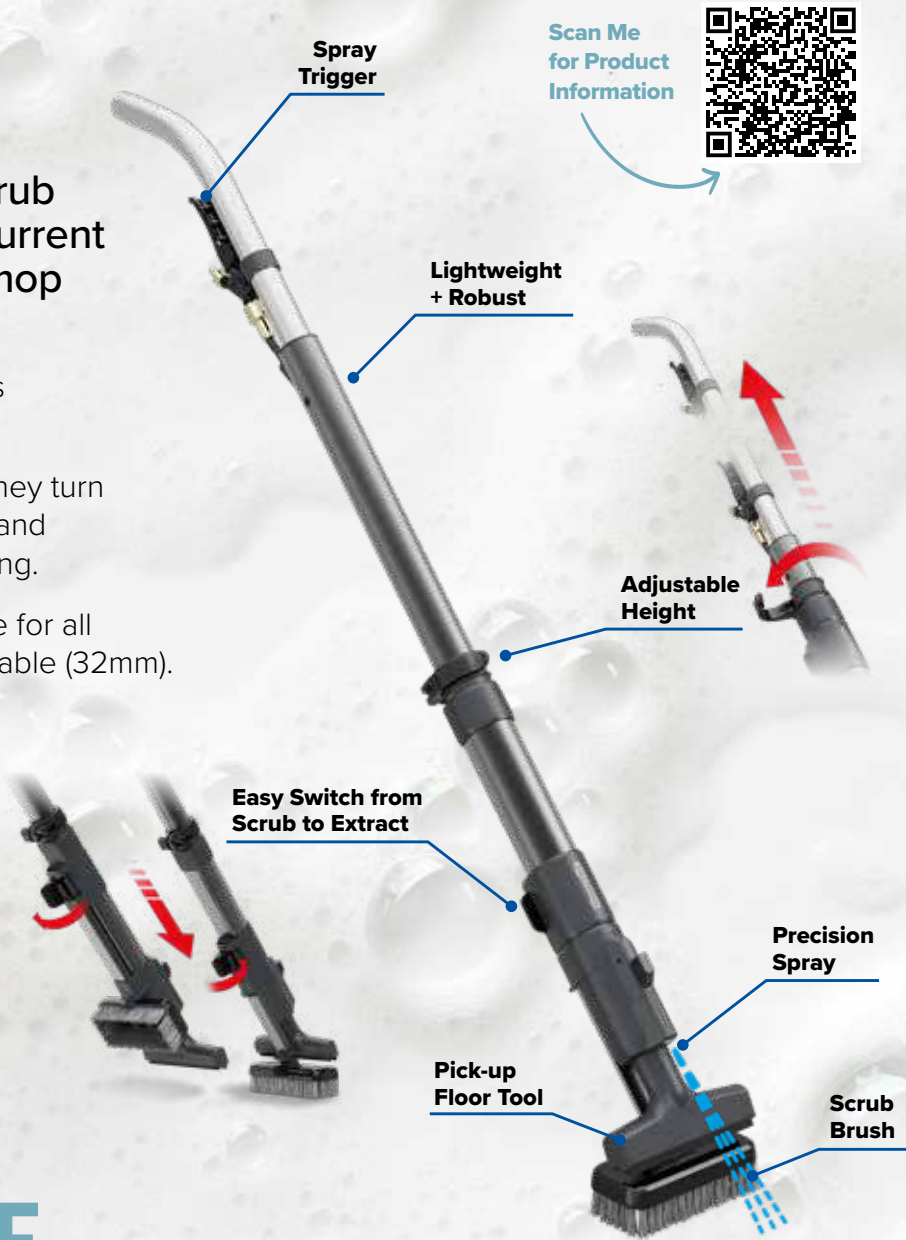

It is perfect for those hard-to-reach areas and getting around awkward obstacles.

With the Carpet Kit, tackle spills before they turn into stains. Easily switch between brush and extraction tool for effective carpet cleaning.

The NEW X-tract wand is fully compatible for all Numatic carpet extraction vacuums available (32mm).

- ✓ Perfect for Small, Hard-to-Reach Areas, Corners, Edges, and Around Obstacles
- ✓ Leave Floors Clean, Dry and Safe
- ✓ Tackle Dirty Spills and Soiled Areas with No Fuss
- ✓ Low Cost and Mechanical-Free
- ✓ The Right Tool to Complete the Job, for Less
