The cleaning range for professionals

CLEANING CATALOGUE

We design, manufacture and distribute products that help to make the job of cleaning workplaces easier.

Robert Scott Exel microfibre cloth

Colour coding is key to hygiene

Based on industry best practice, many of our products are colour coded for use in designated areas. When ordering simply provide the product code and select your colour preference.

-  Blue: general lower risk areas (excluding food areas).
-  Green: general food and bar use.
-  Red: sanitary appliances and washrooms.
-  Yellow: washbasins and other washroom surfaces.

Sizes

3D sizes are shown in order of width x depth x height.

Order and delivery info

Free delivery on UK mainland orders over £250, orders under £250 are subject to a £20 carriage charge, and our minimum order value is £100. For overseas orders, please contact us for further details.

WORK WITH US

We are proud of our products, but we recognise it is our people who truly make a difference.

Looking for a site survey to advise cleaning teams on the best products and practices to keep sites spotless and germ-free?

With decades of combined expertise, our Clean team understands that every customer and end user has a unique set of cleaning challenges.

What we can do for you

Each member of our team is on hand and ready to share their cleaning know-how by spending a day with your customer – by your invite – and advising them on the best techniques and products to improve their cleaning regimes.

Then, whatever the setting – from shopping centre to school to care home – provide tailored on-site training, as well as product recommendations to make sure they get the right cleaning products to get the job done, all purchased through our distributors.

Sales Director

Alastair Scott

As part of the founding family, Alastair takes a keen interest in all aspects of the cleaning industry and is passionate about innovation.

Head of Sales

Gill Ireson

Gill oversees key buyer groups and the team for the business and is committed to delivering outstanding service.

Business Development Manager

Steve Courtney

Steve is the product-lead for Toucan Eco, our sustainable disinfecting and cleaning system.

Key Account Manager

Kelly Brierley

Kelly is one of our key account managers, specialising in healthcare and educational facilities.

Regional Sales Manager

Ricky Clark

Rick brings with him extensive knowledge of the cleaning industry and has worked as an account manager for over 20 years.

Regional Sales Manager

Pete Jones

Pete works across all sectors, is the 'go to' man for anything cleaning and robotics, and has an exceptional knowledge of the Irish market.

Regional Sales Manager

Tom Capper

With extensive knowledge on the mop systems we offer customers, he provides recommendations and product training to all teams.

Regional Sales Manager

Tracy Kirkpatrick

Tracy looks after the North and has experience in sectors including care homes, schools, industrial, construction, catering & hospitality.

CATERING

CATERING - SPONGES & SCOURERS

**Griddle Cleaning Kit**

The kit is made up of three parts: a plastic holder to avoid direct contact with hot surfaces; the thick griddle pad, which absorbs dirt and grease; and the abrasive screen to easily remove burnt-on food and grease from flat griddles and hot plates.

102438	Screen	14x10cm	20x10pk
102436	Pad	14x10cm	20x10pk
101096	Pad Holder (Heat Resistant)	14x9cm	10

**Griddle Brick**

An abrasive brick for cleaning hot griddles. An aluminium holder is also available and sold separately.

103975	Griddle Brick	20x10x9cm	12
104486	Griddle Brick Holder	19x9 x7cm	6

CATERING - SPONGES, SCOURERS & ACCESSORIES

**Sponge Scourer**

Suitable for catering, and ideal for cleaning pans, grills, ovens, washing up, and general cleaning and wiping.

102426	Basics	8x12x4cm	20x10pk
102418	Caterers	9x14x4cm	50x10pk

**Hi-PUR Sponge Scourer**

Hi-PUR is a sponge scourer with a polyurethane (PUR) coating that scrubs away stubborn dirt and stains while being gentle on hard surfaces. It is backed with an absorbent sponge.

104448	6x14x4cm	10x10pk
---------------	----------	---------

**Coppercote Scourer**

A circular scourer made from fine metal mesh, coated with copper and ideal for use on more delicate surfaces as it is less likely to scratch.

102545	20g	20x20pk
---------------	-----	---------

**Galvanised Scourer**

A circular scourer made from fine metal mesh, ideal for cleaning burnt-on stains from grills, barbeques and metal pans.

102587	Large	60g	20x10pk
102589	Medium	40g	20x10pk
102546	Standard	24g	30x8pk

**Stainless Steel Scourer**

A spiral scourer made from stainless steel, great for all-round use in catering environments.

102677	40g	10x10pk
---------------	-----	---------

**Finger Gripped Sponge Scourer**

A large sponge scouring pad shaped for easy gripping.

102424	Green	7x13x4cm	50x10pk
102425	Non-Scratch White	7x13x4cm	50x10pk

104908	Non-Scratch Colour Coded	7x13x4cm	16x10pk
---------------	--------------------------	----------	---------

**Washable Nail Brush**

Double-sided plastic bristle nail brush, made from 20% recycled plastic and available in four colours.

104946	4x9x4cm	10x12pk
---------------	---------	---------

**Magic Erase-all Sponge**

A multi-surface cleaning sponge which quickly removes stubborn marks from most surfaces without the need for chemicals, just wet and wipe.

102428	6x10x3cm	18x10pk
---------------	----------	---------

**Sponge Cloth**

A good sized, thick sponge cloth with great absorbency for general cleaning and wiping. Easy to rinse and wring out.

100236	20x18cm	6x10pk
---------------	---------	--------

**Caterers Scourer**

Standard and heavy-duty scouring pads, designed to easily remove tougher dirt, suitable for use in catering and general cleaning. The standard green scourer is made from 40% recycled material.

102446	Standard	23x15cm	50x10pk
105002	Heavy-duty	11x15cm	60x10pk

**Washing Up Brush**

A handheld brush with curved handle and bristles, suitable for use in professional or domestic environments. Made from 20% recycled plastic and available in four colours.

104952	25cm	24
---------------	------	----

**Homeware Washing Up Brush**

Good quality brush with shaped bristle head, suitable for general washing up in a professional or domestic environment. Supplied in assorted colours.

104969	24cm	48
---------------	------	----

Folding Catering Trolley

The trolley is made from durable polypropylene, and is fitted with two braked castors, an easy-to-use handle locking device, comes fully assembled and ready to use, and folds away for convenient storage down to 45x20x106cm. The maximum weight capacity is 60kg.

105051 66x40x84cm 1

Catering Trolley

A wheeled trolley with three shelves made from tough, easy-clean plastic, ideal for storing and transporting ingredients and prepared food. Handles at both ends make the cart easy to move around even in smaller areas.

101259 42x98x88cm 1

Heavy Duty Catering Trolley

Easy-clean cart with handles at either end to allow easy steering. Refuse bins sold separately.

101702 Catering Trolley 42x80x92cm 1
103999 Replacement 4" Castor 1

Barista Cloth

The Barista cloth is a heat resistant, food safe, antibacterial cloth. Designed with the Barista industry in mind, it can be used on steam wands and other heated coffee machine components, while offering protection to the user. Externally certified against BS EN ISO 12127-1 2015 and approved to be heat resistant up to 250°C.

104182 42x33cm 20x10pk

Striped & Plain Apron

One-size cotton apron with halter neck and ties at waist, with handy front pockets, suitable for use in food preparation and service areas.

100074 Plain White 70x96cm 10
100001 Striped 70x96cm 10

Ironing Board Covers

Cotton and metallised double-layered ironing board covers. Cotton covers in assorted colours.

100819 Cotton Cover 42x100cm 2x10
100820 Cotton Cover 44x135cm 2x10
100822 Metallised Cover 42x100cm 2x10
100823 Metallised Cover 44x135cm 2x10

Washing Up Bowl

A general purpose, blue rectangular washing up bowl.

104321 38x28x14cm 24

CATERING – OVEN GLOVES & CLOTHS

Plain Oven Glove

A professional quality oven glove which conforms to thermal insulation requirements of EN 407:2020 ensuring excellent insulation and safety for users. Glove has two single-sided pockets. UKCA marked. Made from recycled fibres.

102817 53x76cm 20x5pk

**DUSTING & WIPING**

Flexi Cleaning Tool

A handheld tool which bends into shape to clean the trickiest places. The microfibre sleeve attracts and holds dust, and can be used dry for dusting or damp for tougher cleaning tasks. Chenille microfibre and disposable sleeves are also available. Can be used with cone fitting telescopic handles.

103368	Cleaning Tool	72x6cm	5
100684	Microfibre Sleeve	52x7cm	2x10pk
104700	Chenille Microfibre Sleeve	52x7cm	4x5pk
104181	Disposable Microfibre Sleeve	60x7cm	20x12pk
103164	Ergo-Globe Handle With Cone Fitting	90-162cm	10

Yellow Duster

A traditional cotton-rich fabric duster which is good for all-round general use and available in economy, standard and heavy weights.

103089	Economy	50x35cm	500pk
103103	Standard	50x40cm	500pk
103112	Standard	50x45cm	500pk
103123	Standard	60x50cm	20x10pk
103040	Heavy	50x40cm	20x10pk

Handy Microfibre Mitt

The Handy Mitt's microfibre technology effectively picks up dust and dirt, while the conventional mitt style helps the user to quickly clean flat or shaped surfaces. Made with an elasticated cuff for comfort and ease of use, the two-sided mitt can be used on either hand on both sides.

103996	24x17cm	10
---------------	---------	----

Golden Magnet Dust Maid

The Golden Magnet Dust maid has a V-shaped fringe head which makes it ideal for use on difficult dusting areas like pipes and blinds, as well as a general handheld duster. Its short handle can also be attached to a longer pole to reach higher areas.

101413	Golden Magnet Dust Maid	17x45cm	10
103164	Ergo-Globe Handle With Cone Fitting	90-162cm	10
103161	Alloy Telescopic Handle	75-135cm	15

Dust Maid

Handheld dusting tool with V-shaped fringe head which makes it ideal for use on difficult dusting areas like pipes and blinds, as well as a general duster. Its short handle can also be attached to a longer pole to reach higher areas.

101412	49x14cm	10
---------------	---------	----

Golden Magnet Hi-gold Duster

The Hi-gold duster attracts and holds dust. Its swivel head reaches tricky areas and comes with a 110cm aluminium pole. The removable sweeper head can also be used as a mitt for hand dusting.

102335	Golden Magnet Hi-Gold Duster	110cm	1
102336	Hi-Gold Duster Replacement Head	25x17cm	10

Lambswool Duster

Made from hard-wearing natural fibres, the antistatic lambswool duster attracts and holds dust, and is sold in assorted colours with a range of three handle lengths.

101005	Lambswool Duster	56cm	20
101007	Lambswool Duster	61cm	20
101009	Lambswool Duster	122cm	20
101011	Lambswool Duster & Telescopic Handle	48-83cm	5

Pipe Brush

Tough, heavy-duty angled brush with strong hard-wearing bristles for easy cleaning around pipes. Can be used with telescopic poles and handles.

101526	Pipe Brush	30x13cm	10
103161	Alloy Telescopic Handle	75-135cm	15

Cobweb & Dust Collector

Close-bristled, wire frame brush ideal for reaching and trapping dust and cobwebs. Available to fit telescopic poles and heavy gauge handles.

101534	Collector For Push-fit Handle	30x13cm	10
101535	Collector For Heavy Gauge Handle	30x13cm	6
102857	Homeware Heavy Gauge Handle	120x3cm	24
103161	Alloy Telescopic Handle	75-135cm	15

Telescopic Domed Cobweb Duster

A lightweight dusting and cobweb brush with a twist and lock extendable handle to make light work of hard to reach cleaning jobs. Brush extends from 107cm to 174cm.

104925	107x19x19cm	12
---------------	-------------	----

Duop Cleaning Tool

Duop Reach is a versatile, extendable cleaning tool which features a unique ergonomic ball and socket joint, making cleaning easy and strain-free for the user. You can use the Duop with the handle for easy access to hard to reach areas or grip the ball directly for detailed cleaning. It makes manual cleaning safer and more effective as the ball and socket joint, along with the extendable handle, is ergonomically designed to reduce repetitive injuries caused by bending, kneeling, wrist flexing, twisting and stretching.

Microfibre cleaning

No chemicals required

Ergonomic design

Ball & Socket Joint

The Duop Reach Kit

The Duop Reach Kit includes an extendable handle, removable ball and socket frame, along with two cleaning and two glass microfibre pads with colour coding flags, five Hi-shine cloths and a spray bottle.

104094	Duop Reach Kit	96-162cm	1
104098	Duop Reach Handle	93-158cm	5
104099	Duop Ball Frame	15x15x7cm	5
104097	Duop Cleaning Pad	17x17cm	10
104100	Duop Glass Pad	17x17cm	10
104451	Wrist Lanyard	70cm	1

Ecofibre Compostable Wipes

Ecofibre is a general purpose non-woven cleaning wipe that's made from 100% natural compostable fibre. In composting conditions, after 6-months the Ecofibre cloth will biodegrade by 90%.

105181 40x32cm 10x50pk

Valette Wipes

A general purpose, heavyweight, absorbent and food safe wipe that contains an antibacterial agent inhibiting germ growth and odours on the wipe. Can be washed many times. Made from a viscose, polyester and antibacterial blend.

100245 50x35cm 6x25pk

Handy Wipes

A great value, lightweight, food safe and disposable wipe that is perforated so it provides good absorbency and dirt collection. Large size made from a viscose and polyester blend, and standard made from polyester with a hydrophilic agent.

104390 Standard 42x35cm 20x50pk

104023 Large 60x30cm 20x50pk

Ocean Wipes

A general purpose medium weight cleaning wipe. Made from a viscose and polyester blend. Ocean wipes are food contact safe.

100233 50x36cm 10x50pk

Maxi Wipes

A heavyweight professional quality cloth for general purpose cleaning on all surfaces. Super absorbent and extra strong, it's ideal for tougher cleaning tasks. Made from a viscose and polyester blend.

100229 40x38cm 20x5pk

Mighty Wipes

A soft, strong and highly absorbent general-purpose cleaning cloth. The wipe absorbs up to 10 times its own weight in water, and is ideal to easily clean-up spillages on all surfaces. The Mighty wipe is available colour coded plus white, and in medium and heavyweight sizes.

100237 Medium 38x38cm 20x10pk

100240 Heavy 40x38cm 20x10pk

Handy Roll

A great value, lightweight and semi-disposable all-purpose cleaning wipe on a roll, which is perforated to provide good absorbency and dirt collection. The Handy roll contains 350 sheets, is food contact safe, and is available in four colours. It is made from polyester with a hydrophilic agent.

104628 22x37cm 2 rolls

All-purpose Wipes

An antibacterial roll in a box keeps wipes clean and accessible. Containing a roll of 200 perforated, food safe and lightweight tear-off wipes, it's ideal for single use to prevent cross-contamination. Made from a viscose and polyester blend.

100247 37x22cm 6 rolls

Exel® Microfibre Cloth

Exel is our most popular knitted microfibre cloth, which is ideal for quick and effective cleaning.

101157 40x40cm 20x10pk

Microtex® Microfibre Cloth

Microtex is a premium microfibre cloth with high absorbency and is great for heavier duty cleaning tasks.

101150 40x40cm 3x10pk

Nano-Ag Microbial Microfibre Cloth

A premium microfibre cloth with Nano-Ag technology; a natural silver antibacterial agent that kills 99.9% of bacteria, preventing bacterial growth and bad odours on the cloth.

101142 40x40cm 30

Microglass® Microfibre Cloth

A professional quality microfibre cloth designed for the smear-free cleaning of glass and stainless-steel surfaces. Now made from 82% recycled material.

101216 ●● 40x40cm 3x10pk

101221 ● 76x70cm 3x10pk

Contract Microfibre Cloth

A good, all round cloth which offers great value for money. Also available in a lighter weight and pallet quantity option.

101137 40x40cm 20x10pk

101137M 40x40cm 36x20x10pk

Hi-shine Microfibre Cloth

Hi-shine microfibre cloth is designed to give a fast, smear-free clean on glass, steel and shiny surfaces. A thick, semi-disposable cloth which can be used damp or dry, it is highly absorbent but easy to wring out and dries quickly after use.

101172 40x40cm 10x10pk

Mi-cloth Microfibre Pack & Roll

Available as individual sheets in a pack or a perforated roll, Mi-cloth is a disposable microfibre cloth for general cleaning. Ideal for use to prevent cross-contamination, it is a low linting, lightweight and food contact safe cloth.

103216 Pack (50 sheets) 38x32cm 12x50pk

103217 Roll (250 sheets) 31x26cm 9 rolls

Micro-box Microfibre Cloth

This cost-effective and semi-disposable cloth perfectly fills the gap between disposable non-woven and reusable microfibre. Comes in a handy dispenser; simply pull, use and reuse. The cloth is made using an innovative, edgeless technology which means instead of being sewn the edges are ultrasonic-cut and fused to prevent fraying.

104123 30x30cm 8x50

Hi-absorb Microfibre Cloth

Hi-absorb is a heavyweight microfibre cloth made from a knitted blend of polyester and polyamide yarns, which are coated with polyurethane (PUR) to give it a soft and strong chamois-like feel. This means the fabric is effective at surface cleaning and is especially suited to high gloss surfaces requiring a streak-free finish such as glass and chrome.

103986 38x35cm 10x5pk

Floor Cloth

A good, all-round medium-weight floor cloth which has abrasive qualities to help tackle tougher stains. Easy to rinse, wash and reuse. Made from recycled fibres.

105121 55x38cm 20x10pk

Herringbone Floor Cloth

A good, all-round heavy-weight Herringbone floor cloth which has abrasive qualities to help tackle tougher stains. Easy to rinse, wash and reuse. Made from recycled fibres.

100742 56x45cm 10x10pk

Stockinette Roll

Traditional stockinette rolls which can be cut to the size you need for cost effective cleaning. Available in natural or bleached yarn. Made from recycled fibres.

Caddy Clean Scrubbing Machine

Caddy Clean is a versatile, lightweight scrubbing machine which can be used on almost any surface, making it a popular choice with professionals. Battery operated and compact, it is perfect for cleaning hard to reach areas where bulky mains-operated machines can't fit.

Its 1.7 litre solution tank (sold separately) and trigger delivers fluid straight to the scrubbing heads, which includes soft microfibre or abrasive pads and bristle heads for tough scrubbing, cleaning and polishing. The telescopic handle reduces bending and stretching, and the handheld attachment can be used on its own for scrubbing on bathroom or kitchen surfaces.

Pads and brushes are easily attached and the heavy-duty battery, which fits onto a belt, gives up to two hours cleaning time. Caddy Clean is suitable for use just about anywhere, with no need to carry multiple tools for different areas. Abrasive pads come in six colours.

What's in the kit?

The kit includes the scrubbing machine, handheld attachment, 12v battery, charger and belt clip, two pad holders, a pair of abrasive and a pair of soft pads, and a pair of standard and light brushes (solution tank sold separately).

The handheld attachment can be used on its own. The handheld kit includes the scrubbing machine, handheld attachment, 12v lithium battery, charger and belt clip, two pad holders, a pair of abrasive and soft pads, and pair of standard and light brushes.

As we are Europe's largest manufacturer of mopping equipment there's not much we don't know about mopping. It's in our DNA.

We're now bringing this knowledge to the world of robotics, and have partnered up with a leading expert from the field of cobotic design, becoming the UK's primary distributor of the METABOTS Autonomous Cleaning Machines.

META-SCRUB 60 Scrubber Dryer Robot

It's an exciting prospect – the idea that repetitive, time-consuming tasks can be completed autonomously, freeing up teams to deal with the more complex parts of the cleaning job. That's why we are introducing the new META-SCRUB 60 scrubber dryer robot.

The META-SCRUB 60 is flexible and easy to use and can switch from manual to autonomous mode for fast and convenient cleaning. Packed with innovative features, the robot looks after the time-consuming task of floor cleaning and frees up cleaners to focus on the more complex of cleaning jobs.

- Dynamic obstacle avoidance as low as 5cm
- Rapid deployment and starts cleaning in less than 3 minutes
- Zero degree turning radius
- Edge cleaning less than 10cm away from wall
- Scrubber dryer 4hrs, dry mopping 12+ hours. Charges in 4hrs.

Avoid costly liability claims and ensure you comply with the latest health and safety laws.

Slipping and falling accidents cost businesses millions of pounds a year in compensation. Our range of high visibility signs warn of temporary hazardous areas, providing valuable safety information and marking of potential danger to help prevent slips, trips and falls. They are lightweight, highly durable and easy to transport.

Standard Safety Floor Sign

A great value double sided A-frame sign to warn against potential hazards from wet floor surfaces during and after cleaning or spillages. Made from vivid yellow plastic with bright red/black graphics, these are available with a range of warning messages or blank for your own sticker. No assembly needed, folds flat for easy storage.

Safety Barrier Sign (Pair)

Features a clear red 'No entry' graphics printed on one side. Multiple panels can be clipped together to make a larger barrier. Folds flat for easy storage.

101461 45x90-270cm 6

Safety Cone

A bright four-sided cone with universal wet floor graphic and 'Caution' printed on all sides.

105135 91cm 5

Eco Safety Cone

A bright yellow, four-sided wet floor safety cone made from 70% recycled plastic.

105134 54x27cm 5

Wet Floor Sign Printing

Advertise your company on every floor sign. We can custom print safety signs with your company name, logo and any special safety message. There is a minimum order quantity of 100 signs for this service.

Eco Wet Floor Sign

A great value double sided A-frame sign made from 100% post-consumer recycled plastic. The sign warns against potential hazards from wet floor surfaces during and after cleaning or spillages. Made from recycled yellow plastic with bright red/black graphics. No assembly needed, folds flat for easy storage.

105050 62x30cm 10

Stackable Caution Cone

A sturdy bright yellow cone made from tough polypropylene with 'Caution' in bold print on both sides to warn against hazards. Stackable for easy storage.

101464 46cm 10

Hanging Door Safety Sign

A handy, spring-loaded bar with hanging sign, easily fitted to doorways from 70-95cm to prevent entry during cleaning. Made from flexible, hardwearing materials with rubber end caps to prevent damage to door frames. Rolls up for easy storage when not in use. 'For cleaning' can be hidden for general use.

101442 70-95cm 4

Door Stop With Handle

A handy tool to safely prop doors open for easy access during cleaning tasks. The ergonomically-designed long handle with built-in locking/unlocking mechanism enables easy use with no bending. It also has a sturdy rubber stopper with a non-slip base to prevent damage to doors and flooring.

103646 8x16x75cm 1

KGS FLEXIS® FLOOR PADS – DIAMOND CLEANING MADE EASY

KGS Flexis pads are designed to be the ultimate in daily cleaning and polishing of virtually any hard floor without chemicals. Made with Ferrizon®+ microcrystal technology, they produce cleaner and shinier floors in less time.

Flexi pads are available in five grades of coarse, medium, fine, very fine and ultra-fine.

Red: coarse 400

The red pad is mainly used for heavy duty surface renovation. It is intended for deep cleaning and as a good starting point for the rest of the process. Used for rough, greasy or very dirty surfaces, or as a process starter and occasional use.

Blue: medium 800

The blue pad can be used for deep cleaning and produces a light reflective finish, most popular in large industrial and commercial applications. Used for high traffic floors, occasional use for deep cleaning and daily for light gloss.

Light gloss

Yellow: fine 1500

The yellow pad is intended for both daily polishing and cleaning, producing a clear, reflective shine. For floor maintenance and daily for medium gloss.

Medium gloss

Green: very fine 3000

The green pad polishes your floor to a high gloss. Daily use will maintain and improve the polish. Used for the daily cleaning of all floors to a high gloss.

High gloss

Cream: ultra fine 8000

The cream pad is used for buffing wet or dry giving the ultimate in 'wet look shine' for high gloss finishes. If it is used daily, in combination or without the green pad, it will maintain and improve the deep polish shine.

Ultra high gloss

Flexi pads are available in five grades of coarse, medium, fine, very fine and ultra-fine.

- Thicker and stronger 20mm pads.
- Open weave provides self-cleaning without chemicals – only use water.
- Reduces cleaning times.
- Proven long lasting results and shinier floors.

The biggest and most abused floors are no barrier for KGS Flexis. There is no need to alter your program, just fit the appropriate pad onto your scrubber dryer or rotary floor machine.

How to use for daily cleaning

KGS Flexis pads make floor cleaning and polishing easy; just follow a few simple guidelines.

- Designed to be used with rotary floor machines and scrubber dryers, and speeds of between 200 and 800rpm and weights between 20 and 80kgs. For best results, please use a drive board.
- The pads can be used on terrazzo marble, granite, concrete, ceramic tiles, vinyl, plastic, linoleum, epoxy and acrylic floors – just match the pad to the floor.
- Remove dirt and dust using the coarse pad.
- Test in an out of the way area before beginning the full job and in an area that can be easily controlled.
- Flexis pads do not require heavy duty chemicals to work.
- Beware of sharp protrusions in the floor (i.e. metal strip or sharp lippage).
- Make sure you fit the pad colour side down.
- Use flat Velcro style drive boards to maximize floor contact. This delivers a more even floor finish.
- For daily cleaning we recommend the green pad, one pass and wet.
- Wash pads daily for best performance and to extend life of the pads.
- Flexis pads do not require chemicals, just use water.

Deep cleaning sequence

For maximum deep cleaning we recommend the four step process of Flexis red, blue, yellow and green in sequence, each with five passes and using water.

Top tip

For best results, use a flat Velcro style drive board. A brush type drive board which does not offer flat coverage can result in uneven pad wear.

Surface application guideline

FLOORCARE – FLOOR PADS

Standard Speed Floor Pad

For machines operating up to 600rpm. 85mm push out centre hole prevents the floor pad from overheating. Pads hug uneven floors and can be used on both sides with no loss of efficiency. To extend the life of the pads, brush the pad surface while rinsing with clean water by using the centre push-out piece, and hang to dry.

Black: stripping & cleaning

For wet scrubbing strong layers of emulsion floor polishes. Removes the old finish and eliminates concrete burns.

Blue: light cleaning

Light cleaning and spray burnishing.

Brown: scrubbing

Hard aggressive scrubbing wet or dry, with strippers. Prepares the floor for new emulsion floor polishes.

Green: intermediate cleaning

For the removal of surface layers of wax and to prepare the floor for the next process. Use wet.

Tan: polishing

For light cleaning and maintaining all types of floors. Use dry.

Red: polishing spray

For frequent use on relatively clean floors and spray burnishing. It also cleans and polishes dry.

White: finishing & polishing

Suitable for finishing and polishing floors. Use dry.

Durable Finish

Erase-all Floor Pad

The floor pad is designed to clean tough marks, stains and ingrained dirt on hard floor surfaces such as concrete, ceramic, marble, stone and safety flooring. Can be used daily, periodically or for deep cleaning. It's environmentally-friendly as there's no need for cleaning chemicals – you just use water. Made from a melamine compound, the pad is designed for scrubber dryers and rotary floor machines.

104510	17"	2	104511	20"	2
---------------	-----	---	---------------	-----	---

Personalise your floor pad label

You need to order a minimum quantity 25 cases or 125 pads, but the order can be made up of mixed colours and mixed sizes based on complete cases. Each case features personalised labelling including your logo and short message or description.

MOPS, HANDLES, BUCKETS & TROLLEYS

Big White Exel® Socket Mop

A lightweight, super-absorbent mop made from non-woven waste fabric strips, with the extra-secure Exel push fitting to avoid the mop slipping in the handle whilst wringing. A great value, fast drying alternative to cotton mops, ideal for smaller areas. Colour coded sockets plus white.

102197	Small	92g	10x10pk
102199	Standard	117g	6x10pk
102201	Large	150g	5x10pk

Big White RS1 Socket Mop

A lightweight, super-absorbent mop made from non-woven waste fabric strips. A great value, fast drying alternative to cotton mops, ideal for smaller areas. Features a more environmentally friendly RS1 socket with less plastic. Colour coded sockets plus white.

102204	107g	6x10pk
--------	------	--------

Big White T1D Socket Mop

A lightweight, super-absorbent mop made from non-woven waste fabric strips. A great value, fast drying alternative to cotton mops. Ideal for smaller areas and available with colour coded sockets plus white. Features a more environmentally friendly T1D socket with less plastic. Push fits onto alternative handles, as well as our own.

ONE HANDLE FITS ALL WITH THE ROBERT SCOTT HYGIENE HANDLE

With a universal screw fitting, the Hygiene handle can be used with practically every cleaning tool, including push-fit, collar grip and, of course, screw-fit sockets. This means you can sweep, mop and squeegee without the hassle of stocking different handles for different jobs.

The Hygiene handle can be used with all of these products:

All Prairie Mop Fittings

All Socket Mop Fittings

Washable Broom

Washable Deck Scrub

Washable Grout Brush

Heavy Duty Floor Squeegee

Octopus Scrub Pad System

Uniko Break-frame

Microspeedy Break-frame

Microtex Flat Mop Frame

How to fit a Hygiene handle to an Exel® socket mop

The Exel push-fit socket features internal ridges, which are designed to take the thread of the Hygiene handle. This means the Hygiene handle fits both screw and push fittings.

To fit, push the Hygiene handle into the Exel socket and, while applying firm pressure, screw the handle clockwise until tight. The handle will screw its own thread into the socket.

To remove, place the mop head on the floor, preventing it from moving by placing a foot on the yarn, and simply unscrew in an anticlockwise direction.

Buffalo Kentucky Bucket & Wringer 25L

Made from hardwearing polypropylene with dirt retaining sump and unique curved shape to avoid spillage. Sturdy, effective handle-operated wringer suitable for use with Kentucky mops 300-450g. Colour coded.

101253	Buffalo Bucket & Wringer	25L	1

Pro-mist Mop System

An innovative microfibre flat mop kit, which combines the new ergonomic Pro-mist spray handle and microfibre pads for effective, rapid response floor cleaning without the need for buckets or constant wringing out.

The Pro-mist features a removable bottle and spray trigger, and delivers a fine mist of solution directly to the cleaning surface, helping you to clean and dry floors quickly. The mop's break-frame also has a built-in release system to avoid user contact with the soiled mop. The Nano-Ag mop is also available as a scrub mop.

It is available in two kits: with an antibacterial Nano-Ag silver microfibre mop to prevent bacterial growth; or a 10pk of disposable Microfibre Mi-mops which are ideal for hygiene-critical areas such as restaurants where there is no access to laundry facilities.

This kit can also be used with our range of microfibre flat mops featured on page 68.

Microspeedy Mop System

The Microspeedy kit is a professional quality, complete flat mopping system which enables easier, faster and more effective cleaning, especially in high traffic environments where surfaces need to be cleaned and dried quickly.

- 
Microfibre cleaning
- 
No chemicals required
- 
Quick response
- 
Use wet or dry

Microspeedy Break-Frame
Microspeedy Microfibre Flat Mop
Scrub Microfibre Flat Mop
Micro-fringe Flat Mop

It is designed to be used with our highly effective and easily fitted 40cm microfibre flat mops, which use the minimum amount of water for fast drying, and do not need chemicals to give excellent cleaning results.

The break-frame ensures easy fitting and removal of mop heads which are flagged with four colours. The kit includes the easy fitting Microspeedy break-frame, Microspeedy microfibre flat mop head which is flagged with four colours, the 125cm colour coded Hygiene handle, and the wheeled 20L Microspeedy bucket and wringer.

Easy Wash Flat Mop System

Easy Wash is a compact microfibre flat mop system, which is a faster and more versatile way to clean small to medium areas than socket mops, including quick response cleaning and difficult areas such as staircases, skirting and behind pipes.

- 
Quick response
- 
No chemicals required
- 
Lightweight
- 
Touch-free hygiene

The abrasive microfibre mop cleans without chemicals and, as you use less water than traditional mops, the floors dry faster too. The touch-free frame reduces the risk of cross-contamination, while the micro flaps prevent accidental release during use.

Exel® Multipurpose Trolley

A compact cleaning trolley that has been designed with flexibility in mind and packed with useful features to accommodate a wide range of cleaning products.

The Exel trolley can carry both a tub vacuum and mopping equipment, and comes equipped with a 45L waste bag and a checklist holder built into the bag cover. The innovative accessory rail, which runs around the trolley, allows for a wide variety of configurations of the two 7L lockable containers, two handle/equipment holders and rubber-lined hose clip.

105140 88x55x105cm 1

With the Exel® Multipurpose Trolley's clever design and innovative rails, holders and clips, it can accommodate a wide range of products for different cleaning methods. This includes Kentucky mopping for larger floor areas, to bucket-free microfibre flat mopping for quick response and

spot cleaning. All, of course, while also being able to carry a tub vacuum along with plenty of other accessories. There's so many options that we thought it would be useful to show a few examples of different cleaning kits.

ROKLEEN MICROFIBRE TROLLEYS

Rokleen is a versatile and compact trolley system for pre-soaked microfibre cleaning. The system uses the minimum of water to soak up to 20 mops in sealed containers.

This is a more environmentally-friendly cleaning method as it significantly reduces the use of cleaning chemicals and water. And, as the flat mops are used damp, there's no need for wringing out so floors dry faster than traditional mopping, resulting in a much safer task.

Rokleen Midi Pre-soaked Mopping Trolley

The Rokleen Midi is made from heavy-duty, shock-resistant plastic, designed for stability, easy manoeuvring and storage. It includes red and blue 4 litre container and lids, a 20 litre container and hermetically sealed lid for pre-soaked mops and cloths, red and blue 60 litre waterproof bags for laundry nets, and three anti-slip rubber handle holders. Laundry nets are also available (sold separately).

101310	Drawstring Laundry Net	80L	1

Lockable Alpha Trolley

The Alpha Trolley is ideal for larger working environments and lets you easily take all of your equipment with you. It is made from heavy-duty shock resistant plastic, with a lockable cupboard for secure storage. When not in use, the trolley can be folded into a compact size for easy storage.

- 
Medical
- 
Microfibre cleaning
- 
Lockable
- 
High performance

Lockable storage cupboard with shelf and tray

80cm

Folds to a compact size of 80cm wide for easy storage

This is an environmentally-friendly cleaning method as it significantly reduces the use of cleaning chemicals and water. And, because the flat mops are used damp, there's no need for wringing out and floors dry faster than traditional mopping resulting in a much safer task.

The trolley includes two 10 litre containers and lids, and two 12 litre lidded containers for pre-soaked mops and cloths, two red and blue wash net carriers, three anti-slip rubber handle grips. Buckets are available in four colours. Laundry nets are also available (sold separately).

Long Pile Microfibre Flat Mop

A microfibre flat mop which features a longer pile for better dirt and liquid retention. Ideal for pre-soaked cleaning systems, reduces the need for pre-sweeping and is used in larger floor areas such as corridors, canteens and departments.

- 101184 40x15cm 25

Microspeedy Cotton Looped Mop

A microfibre flat mop which features a longer pile for better dirt and liquid retention. Ideal for pre-soaked cleaning systems, reduces the need for pre-sweeping and is used in larger floor areas such as corridors, canteens and departments.

- 100651 40x15cm 25

Measuring Jug

A 1.5 litre preparation jug with graduation marks to indicate how much solution to pour for pre-soaked microfibre cloths and mops.

- 101525 1.5L 1

Plastified Trolley Bag

Water repellent trolley bag designed for use with laundry nets and carrying dirty mops and cloths.

- 101292 60L 1

Drawstring Laundry Net

Colour coded laundry nets for mops and cloths. Includes labels for returns.

- 101310 62x83cm 80L approx 1

Short Pile Microfibre Flat Mop

A short pile microfibre flat mop for use on all types of hard floors. It is ideal for pre-soaked cleaning systems, mopping small to medium sized areas, and especially for medical environments due to its close floor contact.

- 100641 43x15cm 10

Microbristle Safety Floor Flat Mop

A durable, flat microfibre mop with PES carbon bristles for tough stains. Its breathable, hygienic design prevents trapped dirt and moisture. Washable with color-coded tabs and pocket/ear fixings. Test in an inconspicuous area before use.

- 105310 46x17cm 10

MOPS, HANDLES, BUCKETS & TROLLEYS – FLAT MOPS

Uniko Break-Frame

Plastic flat mop frame designed for use with flat mops which have pocket fittings. Built-in mop release system to avoid user contact with soiled mop when changing heads.

103372 40x11cm 1
103373 40x11cm 5

Microspeedy Break-Frame

A plastic break-frame as part of the Microspeedy Mop System ensures easy fitting and removal of the flat mop.

104772 40x78cm 10
104773 40x78cm 1

Mi-mop Microfibre Flat Mop

A disposable microfibre flat mop, ideal for rapid response cleaning in hygiene-critical areas such as hospitals or restaurants where there is no access to laundry facilities. It is low linting, lightweight, stays strong when damp, and is available in four colours.

104327 41x13cm 50
103570 41x13cm 10x50

Trio Microfringe Microfibre Flat Mop

A tougher microfibre flat mop which features three abrasive stripes for cleaning tougher marks along with looped edging for corners. It is washable with colour coded tabs. The mop can be used for both bucket and spray mopping.

100666 41x12cm 10

Microfringe Microfibre Flat Mop

A versatile flat mop for heavily soiled areas, the Microfringe features a checked microfibre and scrub pattern plus a fringe for removing loose dirt. The mop is washable with colour coded tabs.

104341 43x13cm 10

Speedy Microfibre Flat Mop

A microfibre flat mop and scrub mop designed to be used damp with the Microspeedy Mop System for the effective cleaning of large hard floor areas. It is washable, can be used for both bucket and spray mopping, and features colour coded tabs. Scrub mop is ideal for safety floors.

100662 Speedy Flat Mop 45x16cm 10
100655 Scrub Flat Mop 43x13cm 10

TOUCAN ECO RANGE

Robert Scott's Toucan Eco bio-cleaning system is a revolutionary way to produce a multipurpose disinfectant cleaner on-site, which replaces 80% of chemical cleaners and puts an end to the single use plastic bottles they are supplied in.

The system requires only two ingredients – table salt and tap water – which are electrochemically activated by applying a small electrical current using a specialised electrolysis cell. This produces hypochlorous acid, a powerful disinfectant, along with a very low concentration

of sodium hypochlorite which, when combined with a pH of around 7.8 to 8.5, acts as a mild cleaning agent.

The solution is up to 99.999% effective against bacteria. And, as the cleaning disinfectant is non-toxic and non-hazardous, it's a safe and effective way to clean, offering a truly viable option for sustainable cleaning, and a less harmful product for end users.

All our Toucan Eco products are
 Eco-friendly cleaning

Centrego Renew

Designed for small workplaces and cleaning on the go, the Renew makes two litres of normal or double strength solution in four or eight minutes. Includes the jug and activation base, atomiser spray bottle and measuring spoon.

104977 2L 1

Toucan Eco Worktop

Designed for cleaning smaller workplaces. It makes one litre of eco-friendly and multipurpose antibacterial cleaner in five minutes. The kit includes the 1 litre activation unit, measuring spoon, mixing rod, spray bottle and salt.

104004 1L 1

Toucan Eco eSpray

The domestic eSpray model makes 330ml of the powerful, safe and eco-friendly disinfectant cleaner in 5 minutes. The kit includes the eSpray, measuring spoon and funnel, USB cable and user guide.

104744 350ml 1

Toucan Eco Active

Suitable for small to medium-sized facilities, and produces 10 litres of solution in around 15 minutes.

104540 10L 1

 Proudly made in Great Britain

Toucan Eco Active Plus

Suitable for medium sized facilities and one activation, which takes around 40 minutes, produces 20 litres of antibacterial cleaner, which can be poured into bottles or buckets using either of the dilution dispensers.

104541 20L 1

 Proudly made in Great Britain

Toucan Eco Auto

For medium to large facilities, Toucan Eco Auto takes 30 minutes to produce 20 litres of multipurpose disinfectant cleaner. Fully automatic, users only need to refill the salt container indicated by the LED display.

 Proudly made in Great Britain

Toucan Eco Flow

Suitable for large facilities. Automated to produce a constant flow of disinfectant cleaner. It can also be configured for cleaning and disinfecting solutions.

104292 400L 1

 Proudly made in Great Britain

THE RESTAURANT GROUP'S FOCUS ON SUSTAINABILITY

The Restaurant Group (TRG) is one of the UK's biggest hospitality groups with a portfolio of over 400 restaurants and pubs including well-known brands in the casual dining market such as Wagamama, Frankie & Benny's, Chiquito and Brunning & Price.

TRG is committed to operating responsibly, including sustainable and ethical sourcing of food, reducing its carbon footprint, and also boasts 3-stars (the highest available) in the Food Made Good Sustainability Rating.

In 2020, Duncan Goodwin, Head of Risk and Compliance at The Restaurant Group, was looking for a cleaning solution that sanitises surfaces quickly and effectively, without damaging furniture finishes.

"Having investigated it thoroughly, as well as putting Toucan Eco through our own trials, it became apparent that it has unique environmental benefits too." In spring 2021, TRG rolled out Toucan Eco across 80 pubs and 130 leisure facilities.

"The environmental benefits of using the system are hugely significant for our business."

It's now used to clean all hard surfaces using a spray and wipe method on worktops, tables and chairs, and replaces 11 chemicals the Group previously bought in.

"As a result of using Toucan Eco, the Group saved 2.7 tonnes of plastic packaging, and 35,000 tonnes of chemical distribution"

Feedback from the roll out has been positive all round and the restaurant customers like it too. It's simple to make onsite and takes a matter of minutes to convert the salt water to a powerful but safe disinfectant cleaner.

Goodwin continued: "For us, it has a return on investment of within six months, after which we're saving all of our chemical spend. It's effectively free to make from that point onwards."

SPRAYS, PUMPS & TOUCAN ECO – BOTTLES & HEADS

P-Wave® NHS Trough Urinal Screen

Designed for unbeatable fragrance and odour control. With splash-eliminating bristles on both sides, it ensures correct installation and 30 days of freshness, whether used alone or connected across the trough. Fully recyclable with EcoPure®¹ for faster biodegradation and compatible with all trough urinals, including waterless systems. Working with NHS England to deliver a vital cancer awareness message, the Trough is also available as a P-Wave only branded option. Available in two fragrances, Mango & Spiced Apple.

- 105258 NHS 37x41x2cm 6x3x2pk
- 105256 P-Wave 37x41x2cm 6x3x2pk

P-Wave® 360 Urinal Screen

The 360 urinal screen offers a breakthrough in restroom maintenance with up to 60 days of freshness and superior splash diffusion. Its innovative dual-sided design with vertical and horizontal protrusions minimises splashback and prevents incorrect installation, ensuring a cleaner environment with minimal maintenance. Available in two fragrances, Mango & Cotton Blossom.

- 105229 16x15x2cm 6x5pk

¹Independent long term biodegradation testing underway to ASTM D 5511 standard. This research shows 80% biodegradation in just five years.

Deodoscreen Urinal Screen

Deodoscreen scented urinal screen suitable for use in most urinals, available in two fragrances to give up to 30 days odour control. Available in floral (black) and mint (green). It is made from 75% recycled plastic so colours may differ and include flecks.

104481 18x18cm 12

Gel Urinal Screen

An anti-splash, fragranced gel urinal screen that removes odours for up to 30 days. Made from 75% recycled antibacterial material, it fits various urinals and complies with VOC, PAH, and REACH standards. Available in citrus, mango and ocean fragrances.

104749 17x17cm 10

104748 17x17cm 10x10

Urinal Cap

Helps to keep urinals running smoothly, hygienically and using less water. Easily fits most urinals, reduces odours and uric-acid build up in the pipework. Contains naturally-occurring bacteria to break down uric scale, limescale, fat and solids.

104554 6x6x7cm 12

BSG AirCare

BSG AirCare air and surface purifier is a chemical-free way to destroy odours and germs at source, improve air quality and reduce organic matter both on surfaces and airborne. Using advanced UV light technology, it kills airborne respiratory viruses, removes nasty odours, and destroys bacteria, fungi, algae and more. It can be used in a range of areas including washrooms.

101528 46x23cm 10

Shovel Large

A large, hardwearing shovel made from polypropylene, ideal for big floor cleaning tasks.

105126 35x15x110cm 8

WINDOW CLEANING

Cleano Range

Save time and safely clean smooth indoor surfaces and windows without the need for buckets and ladders.

Cleano is an innovative telescopic tool, which has been designed to enable easier, faster and safer cleaning of larger and hard to reach window and flat surfaces. It comes in a range of sizes up to 6m to reach even the highest levels, without the need for buckets and ladders, and uses microfibre cleaning pads to give hygienically clean, smear-free results without the need for chemicals.

It has a built-in hand operated pump system which is completely mechanical, no need for batteries or potentially dangerous trailing wires. This delivers a fine mist directly onto the cleaning surface, minimising water use, and the removable microfibre pad efficiently attracts and holds dirt particles for a fast, thorough clean. The angled, swivel mop head allows easy access to even the trickiest corners.

The Cleano Kit includes your choice of handle plus one microfibre glass pad for the 1m option and three pads for the 1.4, 3 and 6m models. The Cleano Bambino includes a spot and glass microfibre pad.

PULEX™

Unihandle Window Squeegee & Washer 35cm

Unihandle Window Squeegee & Washer 35cm

The Unihandle allows you to quickly wash and wipe windows and surfaces without changing tools by combining a microfibre pad with abrasive square and squeegee in one, along with a unique swivel system. With a simple add-on blade, it also becomes an effective scraper.

The swivel system works in 2D with a smooth rotating movement (+/-150° or +/-180°), while also allowing the user to choose seven different angles to reach even the most difficult spots.

Compatible with majority of squeegee channels, the Unihandle also fits most telescopic poles with easy coupling/uncoupling and safety hole.

104865 36x28cm 1

PULEX™

Professional Window Cleaning Eco Kit

A core range of window cleaning tools designed for commercial and residential sectors. The kit includes a 24L Window Cleaners Bucket, 35cm T-Bar Applicator Handle and Window Squeegee, each made from up to 75% recycled plastic, along with a reusable Window Wash Sleeve and Microglass Microfibre Cloth.

In fact, all of the key products you need to keep your windows clean and shiny, while caring about the planet.

104897 55x30x27cm 1

WINDOW CLEANING – WINDOW WASHERS

Technolite T-Bar Window Washer

Celebrating one hundred years of Innovation

2025 marks a monumental milestone for Robert Scott - a century of dedication, innovation, and excellence in cleaning solutions. From humble beginnings in 1925 crafting machine rags, to shaping the future with cutting-edge robotics, this is more than a business story; it's a legacy of progress and purpose.

This year, we're not just celebrating 100 years of Robert Scott -

We're honouring the people, the innovations, and the impact that have defined our journey.
