

**BioHygiene**

Product Catalogue 2023

# A little bit about us...

**A UK manufacturer with carefully selected local suppliers is just the start. BioHygiene is the UK market leader in biotechnology with a vision to replace harmful non-renewable chemical products with environmental alternatives to improve human and environmental health.**

- Expertly crafted eco and biotech formulas deep clean, degrease, deodorise and disinfect.
- Renewable, sustainable raw materials sourced from plant extracts, fermentation and manufacturing by-products greatly reduce CO2e and environmental toxicity.
- Residual cleaning action from powerful biotechnology reduces CO2e, labour time, storage, and costs.
- Low-hazardous formulas reduce risk to people for a safer, healthier environment.
- PCR bottles create a circular life cycle that reduces plastic pollution and CO2e.
- FSC certified, fully recyclable cardboard packaging protects our world's forests.
- Carbon PAS2060 accredited with tree planting schemes in the UK and Turkey.
- UK manufacture and supply chain.
- In-house, purpose-built labs led by specialist Microbiologists and Chemists.
- Quality assurance with ISO9001:2015 & ISO14001:2015 certification.
- Socially responsible brand committed to UN Sustainable Development Goals and continuous improvement of Social Values.
- Ongoing support from our UK-wide Account Management team, Customer Service team and digital hub.
- No testing on animals.

# A clear vision

**'We want to replace harmful, non-renewable chemical products with environmental biotech alternatives to improve human and environmental health'**

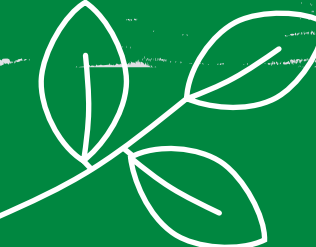

### Cleaner

- Easily cuts through organic matter for a deep, long-lasting clean of porous surfaces.
- Residual cleaning action reduces future cleaning time.
- Removes odours directly at the source for continuous odour control.
- Effective on all surfaces without causing damage.

### Leaner

- Multi-use technology rationalises product ranges.
- Concentrated formulas reduce cost, storage, and transportation.
- Powerful, easy-to-use formulas reduce labour time.
- Low hazardous formulas reduce risk to users.

### Greener

- Biotechnology offers a 75-100% reduction in CO<sub>2</sub>e.
- Low hazardous formulas reduce harm to aquatic life.
- PCR packaging reduces plastic pollution and CO<sub>2</sub>e.
- UK manufacturer with local suppliers reduces transport related CO<sub>2</sub>e.

## Sectors We Serve

### Education

We help learning establishments create safe, clean environments that foster learning, curiosity and creativity for future generations.

### Healthcare

We work with healthcare establishments to create a safe and healthy environment for patients, residents, visitors and staff.

### Local Authorities

We support our diverse communities by protecting public property and improving the quality of life within our schools, libraries, leisure centres and offices.

### HoReCa

We help businesses in the food service industry maintain a safe, efficient and compliant establishment to ensure the best customer experience and enhance brand reputation.

### Facilities Management

We help businesses deliver the best in-house experience for their clients and customers whilst reducing costs and environmental impact.

### Transport

We help businesses maintain clean, safe vehicles whilst reducing overheads and minimising harm to the local environment.

# General Cleaning

All Surface and Floor Cleaner	12
Glass & Stainless Steel Cleaner	13
Odour Neutraliser	13
Wood & Leather Polish	13
All Purpose Sanitiser (fragranced)	14
All Purpose Sanitiser (unfragranced)	15
Gum, Mark & Graffiti Remover	16
Exterior Vehicle Wash	16
Heavy Duty Floor Cleaner	18
Industrial Heavy Duty Degreaser	18
Floor Polish Stripper	19
High Gloss Floor Polish	19
Floor Maintainer	19

## All Surface and Floor Cleaner

A powerful biotech multi-purpose cleaner for help with everyday cleaning tasks. Suitable for all types of floors and surfaces, the fast-acting formula quickly targets dirt, grease, streaks and odours leaving behind a sparkling surface and fresh scent.

BH178	2x5L Concentrate
BH188	6x1L Concentrate
BH199	6x750ml Screen Printed Bottle - Empty
BH244	6x750ml Ready to use
BH260	2x1.5l Dosing pouch

Super Conc. 1x5L  
makes 1.250  
trigger bottles

BH134 6x750ml Ready to use

## Glass & Stainless Steel Cleaner

Breathe new life into your glass and steel surfaces with BioHygiene Glass and Stainless Steel Cleaner. The naturally-derived formula quickly cuts through and removes grime, finger marks and general soiling leaving a sparkling streak-free finish.

BH266 2x1.5l Dosing pouch

BH035 6x750ml Ready to use

## Odour Neutraliser

BioHygiene Odour Neutraliser utilises absorbent technology for fast removal of unpleasant odours, effectively refreshing and revitalising stale or foul-smelling surfaces and airways.

BH162 6x750ml Ready to use

## Wood & Leather Polish

An eco-friendly Wood and Leather Polish that restores and improves the appearance of wood and leather with minimal effort. The enriched formula nourishes and cleanses fabrics without waxy build-up, leaving behind only a beautiful shine and fresh scent.

### All Purpose Sanitiser (fragranced)

BioHygiene All Purpose Sanitiser is the eco-friendly way to prevent the spread of bacteria and viruses throughout your workplace. Specialist biotechnology provides powerful quad action cleaning to disinfect, deodourise, descale and deep clean.

BH170	6x1L Concentrate
BH116	2x5L Concentrate
BH008	6x750ml Ready to use
BH201	6x750ml Screen Printed Bottle Empty
BH263	2 X 1.5L Dosing pouch

Super Conc. 1x5L  
makes 665  
trigger bottles

### All Purpose Sanitiser (unfragranced)

BioHygiene All Purpose Sanitiser is the eco-friendly way to prevent the spread of bacteria and viruses throughout your workplace. Specialist biotechnology provides powerful quad action cleaning to disinfect, deodourise, descale and deep clean.

BH171	6x1L Concentrate
BH115	2x5L Concentrate
BH112	6x750ml Ready to use
BH202	6x750ml Screen Printed Bottle Empty
BH264	2 x 1.5L Dosing pouch

Super Conc. 1x5L  
makes 665  
trigger bottles

BH121	6x750ml Ready to use
BH119	2x5L Ready to use

### Gum, Mark & Graffiti Remover

Quickly restore surfaces and remove unsightly marks, scuffs, graffiti and chewing gum with BioHygiene Gum, Mark and Graffiti Remover. The non-hazardous, eco-friendly formula lifts and disperses tough stains in just 3 minutes.

BH187	2x5L Concentrate
BH186	1x20L Concentrate

### Exterior Vehicle Wash

The eco-friendly way to remove traffic film, oil, dirt, carbon, brake dust, metal deposits and greasy residues from the exterior of all vehicles. Additional shine boosters leave surfaces sparkling clean with long-lasting protection.

**“We are delighted to have partnered with BioHygiene.”**

“We are delighted to have partnered with BioHygiene, it has changed the way we clean for the better and we are pleased to be providing our teams with safer, greener chemicals. We noticed an immediate result within our kitchens, especially the flooring. BioHygiene’s kitchen range helped regenerate even our newer sites. It is just one of the many steps we are taking to become more environmentally sustainable as a business.”

**Hallmark Care**

# Heavy Duty

BH164 2x5L Concentrate

BH146 1x20L Concentrate

## Heavy Duty Floor Cleaner

A highly concentrated, eco-friendly cleaner and degreaser that quickly cuts through grease and grime to leave floors clean and sparkling. Developed with industrial grease management biotechnology that cleans deeply without leaving streaks or residue.

BH259 2x5L Concentrate

## Industrial Heavy Duty Degreaser

BioHygiene Industrial Degreaser makes easy work of tough grease, grime and stains. Powerful eco-ingredients target organic matter to quickly lift and remove surface stains, dirt marks and oily/greasy deposits, leaving behind a sparkling surface and fresh fragrance.

BH129 2x5L Concentrate

## Floor Polish Stripper

Restore your flooring with BioHygiene Floor Polish Stripper. The eco-friendly, alkaline formula quickly dissolves old coats and heavy build-up of polish, wax, cross polymer, acrylic and clear finishes, leaving behind a smooth, clean surface.

BH135 2x5L Concentrate

## High Gloss Floor Polish

Experience clean, high-shine, streak-free floors with BioHygiene High Gloss Floor Polish. The eco-friendly formula restores shine, fills in light scratches and protects against future wear to keep flooring looking its best.

BH023 2x5L Concentrate

## Floor Maintainer

BioHygiene Floor Maintainer utilises powerful natural surfactants and wax emulsions to clean, repair and restore shine to floors. The no-rinse formula is suitable for scrubbing machines, mops or a spray and cloth for easy everyday floor cleaning.

# Washroom

Complete Washroom Cleaner	22
Washroom 4D Sanitiser	23
Urinal & Toilet Cleaner	23
Urinal & Toilet Sachets	23
Urinal Caps	25
Bio Urinal Blocks	25

## Complete Washroom Cleaner

A powerful washroom cleaner made with specialist microbes and enzymes. The biotech-based formula quickly breaks down and removes organic scale and body fats and targets odours at the source, leaving behind a sparkling surface and fresh fragrance.

BH195	6x1L Concentrate
BH190	2x5L Concentrate
BH200	6x750ml Screen Printed Bottle - Empty
BH245	6x750ml Ready to use
BH261	2x1.5l Dosing pouch

Super Conc. 1x5L  
makes 333  
trigger bottles

BH224	10x10pcs
BH226	6x1L Refill bottles

## Urinal & Toilet Sachets

Water soluble sachets combining biological treatments to clean and deodorise urinals and toilets.

BH042	6x1L
-------	------

## Urinal & Toilet Cleaner

An effective cleaner made from tailored microbes and eco-friendly surfactants to quickly clean and deodorise urinals and toilets.

BH206	2x5L Concentrate
-------	------------------

## Washroom 4D Sanitiser

A sustainable, all-purpose sanitiser specially formulated from naturally derived surfactants and fermentation extract to help clean, disinfect, de-scale and deodorise surfaces.

## Broad spectrum products that offer easier, safer, quicker cleaning.

Our technology is able to be highly concentrated across a range of platforms, providing powerful products with a wide range of use allowing companies to rationalise significant amounts of their range. The super concentrates and high dilution help with storage, transport and an improved cost in use while the biotechnology works to provide residual cleaning to help reduce the time taken for future cleaning and improve the health of the area.

BH160

10 Caps

### Urinal Caps

An eco-friendly solution that combines specialist microbes with an acidic cleaning system that softens hard water scale and reduces the build up of organic uric acid scale to help remove odours and ensure pipework is blockage free.

BH030

1x1.1KG Tub

### Bio Blocks

BioHygiene Bio Blocks utilises specialist microbial technology to clean and maintain urinal pipework. The fast-acting formula quickly breaks down and removes organic scale whilst odour removing technology combats odours for long-lasting protection.

“I cannot rave enough about the new Industrial Heavy-Duty Degreaser, it’s brilliant.”

“The result on heavy greased areas is truly outstanding. With continuous use I know we will see amazing results and exceptional standards. Our team have reported positive feedback from using the product and our clients cannot rave enough about it. The tenants on the market are noticing a difference in the same way as other products from you we are using. Our main operative for the scrubber dryer and jet washing could not wait to tell me the difference he noticed the first time he used it walking me through the areas he had cleaned. His feedback as well is that tank of the scrubber dryer is clean, does not smell anymore and the jet heads on the jet washers are clear and do not get blocked by chemical either. As you can tell I cannot shout how good this product is, along with your other products, and I tell anyone even if they want to hear or not how good the range is.”

Atalian Servest

BH271

6x1L

**Urinal & Toilet Cleaner/Descaler**

BioHygiene Urinal and Toilet Cleaner/Descaler is the eco-friendly way to keep your urinals and toilets clean and odour free. Made with organic acids and plant derived surfactants, the powerful formula quickly removes scale, stains and soiling for a long-lasting deep clean.

BH272

6x750ml Ready to use

**BioHygiene Foaming Washroom Descaler**

BioHygiene Foaming Washroom Descaler is the easy way to remove limescale build up from tough washroom environments. Made with organic acids and plant derived surfactants, the powerful formula quickly lifts and removes scale and soiling for a long-lasting deep clean.

trigger bottles

Super Conc. 1x5L  
makes 666  
trigger bottles

### Kitchen Cleaner & Degreaser

A powerful, biotech-based cleaner and degreaser for a helping hand with tough kitchen cleaning tasks. Multi-purpose technology easily breaks down and removes grease, fat and oil from all types of Kitchen surfaces, including hobs, ovens, worktops and floors.

BH194	6x1L Concentrate
BH193	2x5L Concentrate
BH204	6x750ml Screen Printed Bottle - Empty
BH246	6x750ml Ready to use
BH262	2x1.5L Dosing pouch

BH172	2x5L Concentrate
BH175	1x20L Concentrate

## Automatic Ware Wash Excel

BioHygiene Automatic Ware Wash Liquid contains eco-friendly chelating and alkalinity agents that cut through grease and food residue to leave your dishes, glasses, cutlery and crockery clean and streak-free.

BH173	2x5L Concentrate
BH176	1x20L Concentrate

## Ecological Rinse Aid

Add BioHygiene Ecological Rinse Aid to your dishwasher cycles to leave glasses, cutlery and crockery with a dazzling clean. The naturally-derived ingredients eliminate water spoiling and provide optimum drying performance without harming the planet.

BH005	6x1L Concentrate
BH006	2x5L Concentrate

## Eco-Washing Up Liquid

BioHygiene Eco-Washing Up Liquid is the easy choice for daily dishwashing tasks. Packed with eco-friendly, naturally derived surfactants, our concentrated formula cuts through grease and food residue to leave your dishes clean and streak-free.

BH174	2x5L Concentrate
BH205	Pump
BH248	1x20L Concentrate

## Grease Degrader

Ensure a clean, odourless, free-flowing system with BioHygiene Grease Degrader. The powerful biotech formula breaks down fats, oils, grease and organic matter for a deep, long-lasting clean and superior odour control.

BH154	6x750ml Ready to use
BH158	2x5L Ready to use

## Oven & Grill Cleaner

An eco-friendly, all-in-one cleaning system that quickly tackles baked-on grease, grime and food residue. Fast-acting naturally-derived solvents get deep into stubborn areas to remove stains and nasty odours, leaving behind a sparkling clean surface.

BH161	6x1L
BH159	2x5L

## Organic Descaler HD

BioHygiene Organic Acid Descaler HD is a naturally derived, concentrated cleaning and descaling system that loosens and break down limescale and stubborn deposits on a range of appliances and surfaces, restoring them to the original state.

# Hand Hygiene

Foam Hand Soap	36
Antibacterial Hand Soap	37
Foam Hand Sanitiser	39

BH228	6x500ml Fragranced
BH229	6x500ml Unfragranced
BH236	6x500ml Luxury

## Foam Hand Soap

An eco-friendly foam that helps maintain hand hygiene while being gentle on all skin types.  
Available in *fragranced, unfragranced and luxury* for all applications.

BH258	5 x 800ml Pouch Refill
BH151	2x5L Fragranced

BH257	5x800ml Pouch Refill
BH217	2x5L Unfragranced

BH099	2x5L Concentrate (unfragranced)
-------	---------------------------------

BH011	2x5L Concentrate (fragranced)
-------	-------------------------------

BH191	2x5L Concentrate (luxury)
-------	---------------------------

## Anti Bacterial Hand Soap

An eco-friendly liquid soap that helps maintain hand hygiene and is gentle on all skin types.  
Available in *fragranced, unfragranced and luxury* for all applications.

# Protecting the environment isn't a choice, it's a responsibility.

It's widely acknowledged that we have until 2050 to reach a net zero CO2e position Globally to prevent serious climate change effects. Very few products or technologies consider their carbon footprint despite data and technology being available, but some, including BioHygiene do.

## Alcohol Free Foaming Hand Sanitiser

A naturally derived, alcohol and quat free foaming hand sanitiser delivering a highly efficacious, more cost effective solution that is environmentally friendly, halal approved and gentle on skin.

Approved to EN1276 & EN14476

BH209	2x5L Concentrate
BH208	6x500ml
BH213	30x50ml
BH256	5x800ml

# Fabric & Laundry

Laundry Softener	42
Laundry Detergent (non bio)	42
Laundry Destainer	42
Eco Laundry Detergent (bio)	43
Eco Laundry Destainer	43
Eco Laundry Softener	43
Soft Fabric Cleaner	44
Odour Stopper & Stain Spotter	44

BH242 1x20L Concentrate

### Laundry Softener

BioHygiene Laundry Softener gives fabrics a luxurious softness and fresh scent. Naturally-derived softening and antistatic agents protects fibres while odour neutralising technology eliminates residual odours and provides long-lasting fragrance.

BH179 1x20L Concentrate

### Laundry Detergent (non-bio)

A super concentrated, phosphate-free laundry detergent formulated with naturally-derived ingredients with favourable eco-toxicity and health and safety profiles. A highly effective alternative to phosphate with multi-functional benefits.

BH234 1x20L Concentrate

### Laundry Destainer

A powerful destainer that makes easy work of removing stubborn stains from white and coloured fabrics. Anti-microbial activity and powerful fragrance boosters leaves fabrics hygienically clean with long-lasting freshness every time.

BH124 1x10L Concentrate

### Eco Laundry Detergent (bio)

BioHygiene Eco Laundry Detergent harnesses the power of enzymes and naturally-derived ingredients to combat tough stains and odours. Experience bright, fresh fabric with long-lasting fragrance whilst reducing your carbon emissions and plastic waste.

BH247 1x10L Concentrate

### Eco Laundry Destainer

BioHygiene Eco Laundry Destainer is an environmentally friendly, water-based destainer offering superior bleaching and deodorising performance along with anti-microbial activity against a wide spectrum of bacteria and fungi.

BH249 1x10L Concentrate

### Eco Laundry Softener

Formulated with environmentally friendly, naturally derived ingredients, BioHygiene Eco Laundry Softener reduces creases, static and leaves fabrics luxuriously soft. Odour neutralising technology eliminates odours for long lasting fragrance.

BH017 2x5L Concentrate

### Soft Fabric Cleaner

An eco-friendly fabric cleaner formulated from specialist enzymes and microbes that effectively break down dirt, remove stains, and leave fabrics feeling clean and soft. Gentle on all skin types.

BH043 6x750ml Ready to use

### Odour Stopper & Stain Spotter

A powerful spray that utilises absorbent technology to quickly eliminate unpleasant odours and refresh stale or foul smelling surfaces and airways.

Be quality  
reassured with all  
of our products.

We are primary manufacturers with all stages of the process being strictly controlled under our ISO 9001: 2015-certified Quality and ISO 14001:2015 Environmental Management Systems.

## Dispensing System Information

BioHygiene is a Category A Partner with Brightwell, the UK market leader in commercial dosing systems. Our partnership means we can offer various dispensing systems to deliver the best value and control to our customers. With units being Able to hold up to six different products, the platform will dispense the precise amount of chemicals and water, ensuring the safe and accurate dosing of the BioHygiene range every time.

### Ecoshot

A manual, stand-alone chemical dispensing system that does not require main water connection. Easily dispense various volumes of BioHygiene concentrate into a water-filled trigger spray bottle or bucket.

- Correct chemical dosage every time.
- Safe dosing of chemicals with minimal contact.
- Additional safety features avoid accidental activation.
- Lock-in cabinets prevents accidental spillage.
- Suitable for various types of dosing and levels.
- De-lime capability.

### Ecomulti

A manual dosing system that doses and dilutes up to six chemicals from one unit. Staff will be able to easily prepare various BioHygiene products into trigger spray bottles or buckets. The system is designed with two separate proportioners, making it suitable for combining high flow (14L/min) and low flow (4L/min) applications.

- Specialist technology provides precise dilution ratios for multiple products.
- Intuitive six dial product selector avoids any chemical mixing or selection error.
- Suitable for multiple chemicals and dilutions ratios, saving cost and space.
- Suitable for all sized environments.
- Connected to the water mains, it's the ideal solution for even the smallest cleaning environments.
- Secure chemical cabinets on either side of the dispenser controls access to hazardous chemicals and prevents tampering.
- Colour-coded pictogram labels help operators find the right cleaning solution to get the job done.

## "Our 415 stores are over the moon with the introduction of BioHygiene and their service."

"We have seen marked improvements on the effectiveness of cleaning and sanitising, especially during the heightened routines in stores at every customer touch point and there hasn't been any negative feedback from team members or customers as a result of the change. We are using far less in volume which has added to the lower unit costs, making a massive impact on the financial position and is a very positive outlook for the year end. The hero product of the moment is the 5L Foam Pump Hand Sanitiser that we now offer to all our customers at the store entrances and for our in-store team members. It uses 5 times less volume than the previous pump dispenser, a reduction from 4ml to 0.8ml per pump. As you know, our commitment to Diversity and Inclusion and also our environmental policy, means that these causes are also benefiting from the change to BioHygiene as they are all nature and contain no alcohol, meaning we can satisfy a much wider audience."

Wilkos

### The Quantura 200

The dispenser has a new peristaltic pump dosing system for dosing a liquid dishwashing detergent and rinse aid into a wide variety of commercial dishwashers, including conveyor/flight, hood and door-type dishwashing machines with the following benefits:

- Professional, modern design.
- Modular design allows easy conversion from a two to a three-pump system.
- High-efficiency brushless DC motors.
- Special Pulsing Technology achieves super-low flow rates.
- One single quick-release cover to provide access to pump heads.
- Water-resistant, durable polypropylene enclosure.
- High-performance polymers offering durability, impact resistance and safety.
- Optional conductive probe attachment.
- Easy-to-use, intuitive programming
- Micro-processor-controlled dosing.
- Pump status lights to show operational states such as pump running and maintenance requirements.
- De-lime capability.

## We provide all the support you need throughout the whole process.

### Field Support

Cleanliness, appearance and a safe environment are essential, a key part of our offer is helping to ensure these factors are maintained to the highest standards. We have a support team at hand to provide on site support and training. Our dedicated team can provide an auditing and consultation service to ensure that you are following best practice for your individual cleaning challenges.

### Digital Support

Biotechnology is driving a new generation of cleaning. Ensuring employees understand how this new technology works and its various uses is crucial to ensuring companies experience environmental, cost and safety benefits. Our digital training platform provides 24/7 access to essential tools and resources to ensure staff have the confidence to safely dose, use and store our products. Our platform is available via an app on mobile phones or online via a web link. Access to the portal is free of charge to customers of BioHygiene and includes:

- **Training and tests:** Full COSHH and product training with a certificate upon completion.
- **Management dashboards:** Keep on track with your training and compliance programme with staff training data.
- **Product User Guides:** Get printable pictorial user guides with instructions on how to use each product.
- **Safety Data Sheets:** Access printable version of our Chemical data to help maintain your safety protocols.
- **Wall chart generator:** Print personalised posters for quick identification of product, dosing, and safety information
- **Video demos:** Watch how to safely dose and use our products.
- **FAQ's:** Find answers to common questions relating to the BioHygiene range.
