

# Laundry Solutions

## Fairy Washing Powder

Professional Fairy Non-Bio is an enzymes free, 2 in 1 powder detergent with a built in fabric softener that delivers brilliant cleaning, whiteness and softness.

### Product information

- Professional Fairy Non-Bio's technology is especially designed to give great cleaning and whiteness results and also extra softness:
- Professional Fairy Non-Bio contains an advanced surfactant system, which is very effective at surrounding and lifting off dirt and removing stains.
- Professional Fairy Non-Bio contains brightening agents.
- Professional Fairy Non-Bio contains an activated oxygen bleach system.
- Professional Fairy Non-Bio contains a softness agent.
- Professional Fairy Non-Bio contains a fabric safety polymer that smoothes fibres, reducing wear and tear.
- Professional Fairy Non-Bio is phosphate free.
- Professional Fairy Non-Bio can be used on all types of white and coloured textiles, at temperature of 30-95C for whites and 30-60°C for colours.
- Professional Fairy Non-Bio high solubility gives so good dispensing of the product, that it results in fast stain removal, providing excellent performance even in a short
- Professional Fairy Non-Bio has a strong building system so that it can be used on all water hardnesses.
- Professional Fairy Non-Bio leaves your laundry feeling soft and smelling really fresh.
- Professional Fairy Non-Bio has been dermatologically tested, it is naturally softer next to skin.
- Professional Fairy Non-Bio offers value for money versus a separate detergent and softener.
